Orion Man Research Subject

Contact with the man from Orion. August 21 2011 (the night between August 20th and 21st). At 12:47 midnight I hear him.

12:47 midnight

Orion: You wanted to hear speech in our extraterrestrial language?

Me: Yes I wanted to.

Orion: Then things will of course become exciting.

Me: How come? Say something in your language.

Orion: If you believe me, then we would like to do something with your uterus.

Me: Say what?

Orion: We want to make a baby.

Me: Why? Who would be the father?

Orion: We do other kinds of animal testing as well.

Me: What are they? What other testing? What other testing?

Orion: We don't have to tell you. If you contact us a little later, then things will be better.

Me: Yes let's do that.

Orion: Then it will be exciting, with outer-space visitation.

Me: I look forward to it.

12:51 midnight

Orion: We want to fertilize you, with some semen.

Me: Whose semen? Whose? Who is the man? Are you serious? Were you going to ask me for permission?

Orion: I don't usually ask that, no.

Me: Then I suppose that you may do so. May I take part in it, I mean, may I be conscious? And to know what takes place? I would love to know more.

Orion: We would like, for you to know, who the father is.

Me: Who is it? I am curious! He is of course human? Where does he live? Has he seen you? Why did you choose him?

Orion: You will soon see.

Me: I look forward to it. I want to see you too.

Orion: You mustn't become nervous.

Me: No, not at all! I am brave! I would like to see! It will be fun, to get to meet you! I wasn't prepared for this, however. Why me? And has it got to do with your measurements from last night?

Orion: I don't blame you, that you want to know.

Me: Are you that same pilot from last night? Are you that same pilot, from last night?

Orion: Yes, we are the same guests.

Me: From Orion?

Orion: Yes, and we see you that you are sitting there on your bed.

Me: Yes that is correct.

Orion: We wanted to know more about the head.

Me: What more would you like to know?

Orion: And then we want to look at your vocal chords.

Me: That was odd. Why?

Orion: We are already preparing the semen.

Me: How do you do that?

Orion: It is manufactured by a man, and a substance.

Me: What is the substance?

Orion: A coolant.

Me: Why does it need to be cold?

Orion: No, not cold. Frozen.

Me: How come? And doesn't it die if you freeze it?

Orion: It is placed into your uterus soon.

Me: By whom? Who does it? Do you do it? Why are you doing this?

Orion: I will not tell you that!

Me: You are welcome to do it. I am grateful to be a part of this. I like you. And I want to meet you too.

Orion: It can be kept frozen for a long time, before it dies.

Me: I did not know that. I thought that it would die, and need to be kept warm... Will you choose a boy or a girl for the baby, or is that undecided?

Orion: ... You are going to hit me, when I come close.

Me: No. Not at all!

Orion: So, do you want to be touched, by our device?

Me: I don't care. I so would like to see you! May I see you then?

Orion: ... It will be the tonsils too.

Me: Why?

Orion: How often do you get extraterrestrial visitations!

Me: Rarely. Not so much. So I am happy.

Orion: Do you know how many skulls we have measured?

Me: How many?

Hello Dinosaur

6:02 PM

Dinosaur: We also have several electronic accessories. “*presumably Dinosaurs, suddenly as I’m browsing for reptile eyes similar to theirs to put up on my website about them specifically*“

Me: Do you?

Dinosaur: Yes. We do. Would you like to know which?

Me: Yes, tell me.

Dinosaur: We have accessories that make you sleeping. And then we won’t do anything more.

Me: Sleeping? Why do I have to sleep? Do you come here then?

Dinosaur: We know it. Maybe.

Me: Are you the dinosaurs? Who are you?

Dinosaur: That depends.

Me: Tell me who you are?

Me: I am looking for a picture that looks like your eyes.

Dinosaur: Yes. That is natural.

Dinosaur: We do not put you in bed!

Me: Would you like me to go to bed? Tell me what to do, and I will do it.

Dinosaur: Yes, and we breathe air, and drink water.

Me: Yes. Thank you for that.

Dinosaur: You are not allowed to write to Shostak anymore.

Me: Then I won't do it. Thank you for telling me.

6:41 PM

*Dinosaur: Would you be in shock?

*Me: No. I love to see you. You are beautiful. You don’t scare me.

7:07 PM

Dinosaur: At least we are Chordata even if we are not Mammalia.

Me: So you have a spine?

Dinosaur: Yes, and we commingle with you.

Me: Do you have a skeleton?

Dinosaur: No, but we have hard connective tissue. “*the answer came before I even had time to think because I was going to formulate a new question*“

Me: That sounds nice. What does it look like? Do you have muscle too? Do you have fatty tissue? Do you have blood?
Dinosaur: Yes. I have that.
Me: Is it red? Is your blood red?
Dinosaur: We won't commingle with you *now*. We are only researching.

9:52 PM

*?: Please don't write more about the Draconians. "*while I was writing about the Draconians*"
*Me: Who said that?

10:04 PM While I am writing Draconians page, also I feel him watching me as I write, his reptilian lizardly ways are apparent, and is great by the way, I like them.

*Dinosaur: I don't like to be called "creatures". I don't want you to write like that.
*Me: I am sorry. What would you like me to change?
*Dinosaur: Well, most of it.
*Me: Give me some examples. Or what would you like to add?
*Dinosaur: Do not, talk about me!
*Me: May I please, please do that? I so much want to.
*Dinosaur: Well, yes, then you may.
*Me: You are such beautiful things. I want to share to others.
*Dinosaur: Yes, but we are not here for *them*. We are not infringing on your space, are we?
*Me: No you are not. You are more than welcome here. I do like you.
*Dinosaur: We are not sure, whether you will be nervous.
*Me: I am not nervous about you. I am happy about our contact. I find you beautiful. You are welcome here. I like you. You are *such* a beautiful thing.

10:50 PM

*Me: That is so cool, oh my gosh. "*me out loud to myself while I was browsing images of the Draco constellation on Google Images to select one for my website*"
*Dinosaur: You wouldn't think so, if you knew what we do. You don't want to learn about us.
*Me: Yes I do!
*Dinosaur: Are you sure? You are remarkable.
*Me: I wanna know everything.
*Dinosaur: At last. Someone who wants contact.

God Is A Brown Reptile

7:03 PM Trying to chat with the Brown Reptilians.

Me: May I speak with you?
Brown: If you ask what we are researching about, then we will not tell.
Me: Where do you come from?
Brown: We come from the Draco solar system.
Me: What does your planet look like?
Brown: Yes, it is very beautiful.
Me: Is there water?
Brown: Yes, and many different kinds of berries.
Me: Berries? Tell me about the berries? Do you eat berries?
Brown: I will not tell what we do. We are only fertilizing you.
Me: You may do that.
Brown: You are very genteel.
Me: I have been a volunteer. Are you aggressive?
Brown: Yes. If I must.
Me: Are you usually nice?
Brown: No, I don't usually let that. [sic]
Me: What do you like to do?
Brown: We are tending to our children.
Me: How many do you have?
Brown: It's best that you do not know.
Me: Do you use clothing?
Brown: If you are nice you will get to see.
Me: I am nice. I want to see you!
Brown: If you come here then you will get to see.
Me: I want to come there! Can you reproduce? Do you have reproductive ability?
Brown: I won't say. You don't decide over that! "*yelled rudely*"
Me: I do apologise. I only wanted to know. What do you do with humans?
Brown: I do not want to give you the answers.
Me: Can I help you? Are you God?
Brown: Yes. I am God over humans.
Me: What makes you God? How did you become God?
Brown: I will not say.

November 7-8 2011

Evasive Pregnancies

2:56 AM There was earlier conversation also. After a long period of absence, the reptilians contacted me again last night. This darkgreen scaled reptilian from the Draco solar system has been with me most of this late evening, somewhat chatty. I have not been taking notes, until now. I have been feeling his gaze on me for a few hours now.

- Reptilian: We want to say that we are not nice. We like to protect ourselves.
- Me: Why are you here with me?
- Reptilian: I don't want to tell you that.
- Me: Are you here to help me?
- Reptilian: No, *certainly not*.
- Me: Are you here for me to help you?
- Reptilian: We don't protect you from what we don't have to.
- Me: What is going to happen? I am fine?
- Reptilian: I don't think you want to know.
- Me: I like you. You haven't harmed me. It makes me happy when you visit.
- Reptilian: There are others who also want to be here. This was the best thing we've done.
- Me: Are you from another planet?
- Reptilian: We will soon carry you out.
- Me: How nice! Do I get to meet you then?
- Reptilian: Then you will be in agony. "*a word I never use in the other European language, hardly know of*"
- Me: I trust you.
- Me: What do you like to think about?
- Reptilian: It seems that we think of ourselves.
- Me: What are you doing with your life?
- Reptilian: We tend to cause great harm.
- Me: To whom?
- Reptilian: We don't usually care about that.
- Me: Where do you come from?
- Reptilian: It will cost us dearly, if we say that. We won't lend you out anymore.
- Me: Who has borrowed me? I can help out with that.

Without A Romance

8:30 PM

After a few lines of earlier talk as I woke up from my nap, the dark green reptilian was here.

- Me: Should we talk? How cute you are. What would you like to say?
- Reptilian: I don't want to say anything, sorry.
- Me: You did speak earlier.
- Reptilian: You were of an inquisitive sort!
- Me: Yes I was!
- Reptilian: And, *you don't look innocent.*
- Me: No I don't! “.D“
- Reptilian: There will be many ifs and buts.
- Me: How so?
-
- Me: What do you want to do on Earth?
- Reptilian: We won't stay here.
- Me: Will you come back later? I wish that humans could give you a nice reception. What do you say?
- Reptilian: I don't want to have a reception.
- Reptilian: You know **precisely** what we wanted to say!
- Me: Yes, sometimes I know that.
- Reptilian: If you could come here.
- Me: May I go there? To you?
- Reptilian: It will be possible for you to be taken care of.
- Me: How? By whom?
- Reptilian: By our hunters who have gone missing without a trace.
- Me: What are you saying?
- Reptilian: Yes? I am speaking your language.
- Me: But what do you mean by hunters?
-
- Reptilian: We will now take charge.
- Me: Why? I see you. You look handsome.
- Reptilian: Oh. We should probably not have a romance.
- Me: I was not implying a romance. I just thought you were cute. Because you look like a reptile. You are green. I see you. You look handsome. Without a romance.

A Hybrid

1:59 AM

Me: Could I have him with me? So that he can live with me? So that he may live?

Reptilian: We don't do that.

Me: Could you do that today?

Reptilian: No, we can't.

Me: Who says? Why? He can't die!

Hybrid: ~Why are you fighting what they said?~

Me: I don't want him to die. Could he come to Earth instead?

Reptilian: Now you are fighting us!

Me: Humans could take care of him. The hybrid could live with humans.

Reptilian: We are no longer as forceful...

Me: What do you mean? Why do you hit?

Reptilian: We are no, question marks!

Me: What do you mean now? What are you saying to me?

Dino/Rep: We have caused you no harm.

Reptilian: We need more humidity here. *"they have said this yesterday too, they need atmospheric moisture"*

Me: If you don't want to keep the hybrid, then he can live with humans. Then he can live.

Reptilian: We don't need him for fertilizations.

Me: ... I need him with me. Can I have him?

Reptilian: Now you shut up!

Me: Oh my. Swearing.

Dinosaur: *We won't fight you!* *"Dinosaur, for certain a Dinosaur"*

Me: Can hybrids, come to Earth? The ones you don't want to keep? So that they may live?

Reptilian: We are no longer drinking your juice.

Me: ... Tell me about my juice. Do you mean blood? Do you drink my blood? You may drink my blood, you're welcome. You may.

Reptilian: What a *commotion* that would cause here.

Me: Where do I have juice? In my body perhaps?

Reptilian: Yes, *underneath the skin.*

Japanese Dragons

This follows immediately after the previous chapter with not so much as a line break.

- *Japanese: We are calling them, the Dragons. *“Japanese man says, with a thought about Chinese dragon mythology or Japanese ones with thoughts of the ancient buildings that had those Asian roofs“*
- *Me: They are Dragons. They are beautiful. I love them. Do you love them too? What do you think about the Dragons?
- *Japanese: We can’t keep them here, they are always angry.
- *Me: Do you get to see them, with your eyes? Have you seen them with your own eyes? Or only in an image?
- *Japanese: I don’t want to Honor a Reptile.
- *Me: I honor them! I always honor my reptiles! I love them! Did you know that he has sex with me? The reptile has sex with me! *“I probably offended some Japanese modesty and humility. I almost asked the Japanese man, whether he had had sex with a reptile, but I was sure it was beyond cultural taboo of the Japanese people“* ... What do you do there?
- *Japanese: I guard them!
- *Me: From the... public? From Japanese citizens? Do the reptilians live there? Do they live in Japan?

Yes, I did see this Japanese man with that big gun, the gun looks “high-tech”, but at the same time like a rifle, it is dark metallic black but looks carbon steel or what ever that material is called, it looks very light-weight, especially for its size, and he holds it firm against his body and with both arms.

- *Me: ... That is my red reptile visiting you! He is my reptile! He has been with me a lot! I love him! He is like my... pet!
- *Japanese: Yes, they are telling me that they are studying your foot. *“yes, the ETs always say they like the design of my feet, why I do not know“*
- *Me: Why do they like my feet?
- *Japanese: The Draconians only know.
- *Me: ... Do they like your feet also?

The Japanese guard is a very handsome man, with his pale skin, and soft ink black hair. I have never seen a man of his culture, how beautiful and handsome he is. Not that that matters. I have seen him before, even several weeks ago when I was first introduced to them.

- *JapBoss: So, you like Japanese hair? Did you not know you have an audience? “*the Japanese boss*“
- *Me: I did not know I had a Japanese audience. How is that possible?
- *JapBoss: ... Well, because they give me/us, their women. “*Japanese boss*“
- *Me: What do you mean, “give”? What do you do with us? Do you have sex with us?

And the Japanese boss laughs. He is standing out there in the hangar with the guard. It is always these two that I see. The boss is a bit older, and he has thinning hair. He has an office upstairs.

- *Me: What do you do with the women?
- *JapBoss: Please, I beg you. “*Japanese boss says in a typical old male Japanese way, hard to describe, but that is how he said it*“
- *Me: Women...? What? Am I one of those women?
- *JapBoss: Well? What do you think you are? Look at you? “*though I had already known the answer to that*“
- *Me: What do you do with me? Just tell me, I can handle it.
- *JapBoss: Just don't do anything to hurt Japan. “*Japanese boss had begun to say during my previous sentence*“
- *Me: I will never hurt Japan! I love Japan! ... Did you know that... “*and I stopped myself before I told them that I had always known about the tsunami, it might hurt their feelings too deeply*“
- *Me: Do you like the Dragons?
- Reptilian: Yes, we exchange services.
- Me: What services are exchanged? What do the reptilians get, and what does Japan get?
- Reptilian: Japan gets weapons.
- Me: .. What do the reptilians get?

The Japanese man is smiling and expressing a benevolent attitude, in the way that Japanese old men do when they want to maintain good relations. It is very typical Japanese culture, as if he is saying in his manners, “let's not cause any trouble”, and one would have to do as he wishes because he is the older man. That sort of thing.

Peter The Blue Pleiadian

Saturday evening.

- ?: If you were chased by a Pleiadian. Do you like to be chased by men?
- Me: Who are you?
- ?: We have heard about your "hospitality".
- Me: Are you a Pleiadian?
- Pleiadian: Yes, that's right.
- Me: How nice! You are the first Pleiadian I have spoken with! What is your name? Do you have a name?
- Pleiadian: We are no reptilians. "Oh, horrid!"
- Me: I am getting to know the reptiles. I am studying them.
- Pleiadian: Do you have any auras to look at?
- Me: I do not know that. Do I? Can you see auras? Tell me about the Pleiades.
- Pleiadian: Yes, we are a very old people. You have, "honored them".
- Me: Yes, I tend to say it.
- Pleiadian: Yes, then they hang around here.
- Me: What do you work with?
- Pleiadian: With humans! "*answers immediately*"
- Me: Then you know a lot about us. What do you think about humans, in general?
- Pleiadian: There is a speech prohibition in place about that.
- Me: Do you Pleiadians have good intentions for us? Do you Pleiadians have good intentions for us? What is your purpose here on Earth?
- Pleiadian: ... If you do research with us.
- Me: What research are you doing? What do Pleiadians do?
- Me: ... A Pleiadian. How nice.
- Pleiadian: Yes. I am chasing you.
- Me: I don't understand?
- Pleiadian: Well! You are a very beautiful woman!
- Me: So you find humans attractive? You are attracted to humans? Is that true? I don't know how to interpret this.
